What we have learnt already

1	Chronology	I know David Livingstone was in Africa in 1855 and can place key events of his travels on a timeline.
2	People	I know that David Livingstone came from Scotland and was a missionary.
3	Legacy	I know that David Livingstone opened up Central Africa to missionaries who improved the education and healthcare for Africans.

Knowledge Gems

1	Chronology	I can compare and order farming equipment according to their age.
2	Chronology	I can order how farming has changed through the last 100 years on a timeline.
3	Legacy	I know how farming practices in the past have been improved through technology.
4	People	I know who first drained the fens and that the farms were marked out from a boat.
5	People	How the job of Farmer Brown (senior) has change since he started farming.
6	Legacy	I know the importance of farming for the provision of our food.

Words we need to know

1	Farming	The way we grow crops and produce food.
2	Machinery	Equipment used to plant and grow crops and animals.
3	Crops	Plants that are grown to provide food or produce.
4	Produce	What is grown on a farm.
5	Plough	The tool used to prepare the soil for planting.
6	Tractor	The big machine that is used to pull or drive the equipment used in farming.
7	Technology	The machinery and equipment that has been developed to improve the industry.
8	Fens	The area of the country that we live in. It was boggy ground and was drained to become farm land.

What we will learn next

1	Chronology	I can place the Stone Age (850,000-3000BC), Bronze Age (2,300BC) and Iron Age (1,200BC) of prehistoric Britain on a timeline.
2	Legacy	I know that Stonehenge and Skara Brae are Stone Age sites that can be visited today.
3	People	I can explain during this time linked to three periods in prehistoric Britain (Paleolithic, Mesolithic and Neolithic) people changed from being nomadic to farmers.
